

Tech Educator – LTS Coach (m/f)

-> Full Time or Part-Time

Would you like to be part of the Future, the Digital Future of Luxembourg?

The Luxembourg Tech School (LTS) is a school concept that was created in September 2016 with the goal of promoting the development of “Future Digital Leaders” in Luxembourg. LTS is tightly embedded in the national school system and offers classes and projects in areas such as Creative Coding, Game Development, Big Data, FinTech, Space Resources, AI for Finance and AI Creativity & Arts. More info at www.techschool.lu

We are looking for a full time or part-time Tech and Business Coach to teach digital concepts and tools to high school students (11-19 years old). Classes are project based and taught in person and online. We provide a structured program, teaching platform, coaching materials and the possibility to participate in research and development projects. Your primary role as an LTS Coach is to deliver the program in an engaging way and ultimately be responsible for student retention, projects and events results.

Responsibilities

- Deliver the LTS program content in a fun and engaging way
- Teach LTS courses and workshops including educational material preparation
- Support students projects and LTS events
- Positively advocate LTS and all its activities

Requirements

- Experience in one or more of the LTS content areas including coding
- Experience teaching kids or adults
- Interest in latest developments, cutting-edge technologies and excited to collaborate with colleagues
- Must be fluent in German or French and very good in English; knowledge of Luxembourgish is an asset
- National from an EU/EFTA country

Application

- Submit motivation letter and CV to info@techschool.lu
